Resolved, That our abhorrence of the system of Slavery in the United States is undiminished, and that we deem it a duty we owe to our country, to posterity, and to the race of mankind, to resist its extension into territories now free.

Resolved, That we deplore the depreciated character and morality of a portion of the members of the Senate and House of Representatives in the Congress of the United States, who, in their desire for personal aggrandizement and sin, have, by a factious course, for six months embarrassed and delayed the action of Congress upon subjects of the highest importance to the great interests of the country.

Resolved, That at no former period since the formation of our Government have the people been so imperatively called upon to stand firm by the principles of the Constitution, and to select for important and responsible offices discreet, stable, and sober men, instead of visionary reformers and selfish demagogues.

Resolved, That no efforts on our part shall be wanting to secure the triumphant election of the Whig candidate for State, District, County and Town officers, in the eventful campaign which is now commencing; that we cordially and cheerfully command to the support of the people of this County the candidates whom we have this day nominated; and that "Old Addison" expects every thing to do his duty.

The following gentlemen were chosen as a County Committee for the ensuing year: G. A. Grindley, Vergennes, C. H. French, of Addison, H. Barrett, of Middlebury, G. A. Collamer, of Bristol.
